Acrylic Stands

4" - 7" = \$15

10" - 11" = \$20

Surfaces

White High Gloss - Brilliant high gloss surface that shows every detail. Excellent surface for any subject matter especially nature, water, cars and so on. Maximum wow factor.

White Satin - Smooth, very even and soft appearance. Great for portraits, weddings and if surface reflection is a concern.

Sheer - Allows the surface of the metal to show through giving the image a translucent luminescence. This unique material works well with high key images and images with subtle color transitions. Available with a Glossy or Matte finish.

Payment plans available: Split up to 8 payments of total amount.
